**Overview**

This application is for the approval of a radio module model 10169, which will be used in various products manufactured by the applicant, Ecotech Marine. The device is a Zigbee compliant 802.15.4 transceiver. Full single modular approval is being sought and a letter has been submitted attesting to the compliance of the device with the requirements of 47 Cfr 15.212 for modular approval.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Short term confidentiality requested.

A letter listing the applicable modular requirements was submitted.

**Recommendation**

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
